1 plumbing department, the plumbing 2 department manager would sign off on your 3 digital assistant to indicate that you 4 had worked there for the day? 5 Α. Yes, sir. 6 And the same with the Q. 7 electrical? 8 Yes, sir. Α. 9 Okay. And by plumbing 10 department manager and electrical 11 department manager, you mean the Lowe's 12 employee? 13 Α. Yes, sir. 14 Q. Okay. 15 But, again, on the footnote, Α. 16 they did not give me any directives on 17 what I had to do because I strictly 18 reported with Jeremy Leaman. He gave 19 me -- on the PDA there would be 20 activities on what I would have to do and 21 on the paperwork there would be 22 activities on what I would have to do, 23 I had work assigned to him, therefore, I 24 reported to him, and he would expect a

call on a daily basis, like wanting to know what was going on and stuff.

Q. Okay. So what were your

responsibilities as merchandiser?

A. I loved it, actually, even though it was -- it wasn't the glorified role I had before as market sales manager, I loved what I did because I did what the Lowe's employees wouldn't do or too often. I would be responsible for marketing, which is basically -- I had everything.

Any type of display, I was responsible to make sure the display was clean, was colorful, was, you know -- just basically sold the merchandise. I was also responsible for the beams to be painted the Lowe's color, which is like a -- well, the beam color is a certain kind of gray. There's different gray schematics, but it was the Lowe's color gray, so I was responsible to make sure that the beams were flush gray.

A. Beams are the beams that hold the product -- I shouldn't say that, actually, the overlay, which is like the wood that goes -- the wood that's underneath the product. These beams hold the -- they are like part of the shelf unit. These beams hold the wooden slab that holds the product, so they're support units.

Q. Okay.

A. So all I did was basically make a lot of bench stickers, small stickers, beam stickers, a little bit bigger stickers where the price is. As part of my job, it was to make sure the prices were accurate, make sure the stickers were flush and they were not torn off or scratched, that everything was where it was supposed to be, product was supposed to be where that item number was.

And, uhm, to go along with that, the whole schematics of that bay was my overseeing, making sure, like I

said, the display was perfect, making 1 2 sure the brochures was fully stocked with 3 brochures, the beam was a Lowe's color gray, nice color, the stickers were brand 4 new. I also had to do the stocking, too, 5 to make sure everything was brought down 6 7 in order. 8 I liked doing it, to be 9 honest with you. 10 Were there specific products 11 that were responsible for working for 12 Ideal? 13 Yeah, I oversee like 14 electrical and GE and Buss -- like GE, 15 the brand, Buss, B-u-s-s, the brand, 16 dealing with the fuses and the electrical 17 plumbing, American Valve, uhm, and all 18 the PVC pipes, pretty much everything --19 all the small components pretty much in 20 plumbing. Quest, the copper, black iron. I mean, I did everything. I did a lot of 21 22 the smaller units in plumbing and 23 electrical.

Okay. And which stores did

24

Q.

1	you work in?
2	A. Middletown and Dover.
3	Q. Just those two?
4	A. Yes, sir.
5	Q. How often would you be at
6	each store?
7	A. The way my my district
8	manager, Jeremy Leaman, had it set up,
9	two days in Middletown, two days in
10	Dover.
11	Q. Okay. And then what would
12	you do the next day, just continue to
13	rotate?
14	A. Actually, it was kind of
15	weird. Monday and Tuesday would be
16	Middletown, Wednesday I would have off,
17	Thursday and Friday I would have Dover.
18	Q. Okay.
19	A. Weekends off.
20	Q. Okay. So you worked four

22	A. Yes, sir.
23	Q. How many hours a day did you

16	A. Yes, sir.
17	Q. What do you mean by
18	"partially Korean"?
19	A. I'm half Korean.
20	Q. Half Korean?
21	A. On my mom's side.

8	A .	Yes, sir.
9	Q .	Is that correct?
10	A .	That's correct.
11	Q.	And that's while you worked

22	Ω.	Okay. Tell me about that.
23	Α.	Uhm, I was I was at the

1	because that's how I find out that's
2	how I find out about inventory is by
3	actually using the Lowe's computer.
4	Then Yvette goes by and she
5	goes, you want to do any work today, boy?
6	I didn't know who it was, but I
7	electrical has a desk that's kind of

10	I mean, you wouldn't even know it's a

13	And then I looked back and
14	she was walking towards customer service
15	and she turns around and says, yeah,
16	that's right, I'm talking to you, boy.
17	So, I mean, I knew that, I
18	mean I mean, I had problems with her,
19	but but that broke the straw on the
20	camel's back, so I called corporate on
21	her.
22	Q. Who is corporate?
23	A. Lowe's corporate office out
24	of Chapel Hill, North Carolina, and I

1	called and I told them exactly what had	1
2	transpired, that that was one of	
3	I'm talking about Ideal Merchandising,

5	like a half a dozen, if not more,	
6	incidents that I had with her just with	1
7	Ideal, and keeping in mind, I'm new wit	: h
8	Ideal going through Lowe's.	
9	And I just basically calle	a d
10	corporate to let them know that I felt	I

16	just very uncomfortable and this needs	to

18	And whatever they

#### WILLIAM HANSON,

never expected I would go through this with a store manager or any professional, but supposed to be a professional, but I was in the electrical department doing the switch covers, I mean, it's -- the work can be tedious. Pretty much all the cover plates have brass, plastic, so on and so forth. That is all I was doing that day, not necessarily doing cycle counts or inventory, just making everything look good, because those boxes are small and they get messed up and they are in little plastic sleeves. It's one of the hardest things to do, but I pretty much just made sure all the plates were in the right place and just -- basically just trying to make it look good. It's hard when you are dealing with small components, but in a nutshell -- and I -- I had two shopping carts full of boxes, and I was consistently working in that aisle, and I usually stay in that aisle for a couple of hours. And she goes by, and to put a

damper on my day, she goes, this -- this 1 2 section looks like shit, excuse my 3 language. That's what she said verbatim, this section looks like shit, you need to 4 do a better job, not even saying a hi, 5 not even saying what are you doing or 6 7 anything, and then she left. 8 How did the section look? Average. I will say that on 9 10 a footnote, because it's not like there 11 was boxes all the over the place. The 12 boxes I had were in my two shopping carts, and that aisle is never a hundred 13 14 percent, but I assure you, it was a lot 15 better looking than the day before. 16 So she wasn't happy with the 0. 17 way it looked? 18 A. She wasn't happy with the 19 way it looked. 20 Okay. Did anybody witness Q. 21 that? He probably won't fess(sic) 22 Α. 23 to it, but Keith Dominick. 24 What do you mean by "he Q.

1	probably won't fess to it"?
2	A. Because he's my my
3	you see, when I talk to Keith, Keith
4	is a young guy trying to move up in the
5	Lowe's company ladder. He's moved up
6	progressively because of Yvette. I know
7	this because I talked to him.
8	Whether he will admit to it
9	or not, that's on him, but he did witness
10	that.
11	Q. Was he there when it
12	happened?
13	A. Yes, sir.
14	Q. You don't know whether he
15	would admit to it or not?
16	A. Correct.
17	Q. Okay. Are there any other
18	witnesses?
19	A. No, sir.
20	Q. Do you remember when that
21	happened?
22	A. Like I would not be able to
23	give you any accurate date on any of
24	this, but all I can tell you is it was

1 chastising or demoralizing other females 2 as opposed to the males. I mean, she 3 would talk to us like -- like, uhm, like 4 one guy said it best, a quote from Mike 5 when I was Spectrum, that she talked to 6 me like I was an adopted stepchild, and 7 that's a quote from him, and, I mean, she 8 doesn't talk to me like I'm human. 9 mean, she just -- just doesn't even 10 acknowledge me. Any things that she had said to me since I have known her, or at least that first couple of months I have known her or thereafter, everything that came out from her -- I'm not going to say it, but everything that she said to me was negative. What do you mean "you were Q. not going to say it"? I was going to say anything Α. -- everything that come out of her mouth. Q. Was negative? Α. I don't want to phrase it like that, but everything that she said

1 to me has been just negative pretty much 2 since I knew her. 3 And you didn't see her do 4 to women in the store? I have heard her doing it to 5 6 other females, but I did not witness 7 that. 8 Okay. Q. 9 And those are like a very 10 rare few. You hear more about the men as 11 far as them quitting because of her or 12 getting terminated because of her or 13 transferring because of her. I mean, you 14 always hear it more from the men than you 15 do from the females. 16 So is that the only reason 17 that you think it was because of your 18 is because you didn't see her or hear 19 doing it to other women? 20 Α. Also, the other thing is 21 because of my race, too. 22 Q. Why do you think it was 23 because of your race? 24 Because I don't know of Α.

#### WILLIAM HANSON,

beams needed to be painted the Lowe's I mean, they were just all color gray. scratched up from a cherry picker, which is a form of a forklift, that goes by for stocking way up high. It's like an elevator. And there was a lot of scratches and scuffs on it. So I asked the department manager if they had any paint, and he said no, that I would have to get it billed out. So I went to Keith Dominick, he's the gentleman that referred Jeremy Leaman, I shouldn't say refer, but Jeremy Leaman did approach him on my background, and he's the one that gave him the nod to say okay. Well, he happened to be in the store that day and I asked him, hey, this is what I am doing, I got to paint all the beams and electrical, and can I please get this paint and brush and everything billed out, which basically

means the store pays for it, which I have

done it many times with Spectrum and done

#### WILLIAM HANSON,

it as a Lowe's employee. It's really not a big problem at all.

So I got everything done, got the paint mixed, got the supplies to paint the beams with, and I brought it to the customer service desk, but you can't just take everything and paint it. I have to give it to customer service desk and scan everything and bill it out.

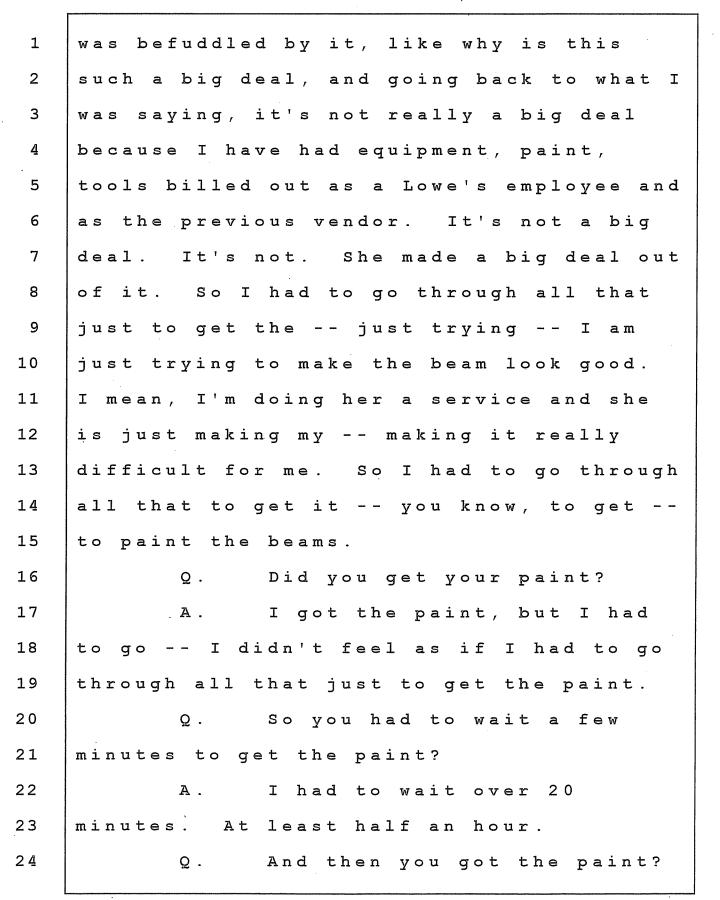

There's a specific way to do that that shows it hasn't been paid for, it is paid for by the store.

The only person that could help me at the time was Yvette. There was no other person. So I'm trying to get the job done. So I asked Yvette, and I said, Yvette, can I please get this billed out?

She goes, why?

I explained to her what needed to be done. I'm not trying to repeat myself, but the beams needed to be repainted because they were scuffed up from the cherry pickers and the shopping

1	carts and everything, and she goes, no,
2	you pay for that.
3	And I said, Yvette, Keith
4	just approved this to be billed out. He
5	said it could be billed out.
6	She goes no, no, you want to
7	paint it, you pay for it.
8	And I said, Yvette, call
9	Keith, please. He will tell you that he
10	said that.
11	She goes, I don't believe
12	you.
13	I said, if you don't believe
14	me, fine, just call him, believe him.
15	She couldn't get in touch
16	with him right away, so it's probably
17	about I mean, this was over 20 minutes
18	she made me wait there. Then he finally
19	got to the customer service desk. It was
20	simple. Yeah, I did, I told him he could
21	bill it out. It's no problem.
22	Then Yvette just looks at
23	him like, are you sure? Keith is like
24	yeah, he looked at looks at Yvette and

I said Yvette, I do 5 apologize, I didn't have it with me, I 6 7 left it at home and it's in the laundry, 8 and then I didn't get a chance for it to 9 dry. 10 She goes, you can't work in my store unless you wear a vest. 11 And I said, Yvette, I said, 12 13 can I just -- and I borrowed one in Bear or Wilmington, I borrowed vests before, 14 and it's not a problem. They will loan 15 16 you one. I said, do you have one that I 17 could borrow for the day? She goes, no, you're going 18 19 to buy one. 20 I said, how much is it? 21 And she said like 20 bucks or -- it seemed like it was a little bit 22 23 too high, and don't quote me on that, but 24 it was real expensive.

1 deal with theft. I mean, you want to know who is working in your store, 2 especially with vendors. If you have 3 someone without a vest, you will be 4 like -- it's not a customer, you know, 5 who is it, so -- so for security reasons, 6 7 so I'm absolutely for that. Could you then understand 8 Q. why it was that Yvette Schreiber wanted 9 you to put your vest on? 10 Well, the thing with that 11 Α. is, again, with my previous vending jobs, 12 if you were to wear a name tag, you can 13 get working that day, and I had my Ideal 14 15 Merchandising name tag pinned on a solid-colored shirt that says Ideal 16 Merchandising, Will Hanson, Merchandiser, 17 18 on the bottom. 19 I did the same thing with Spectrum and she never said anything. 20 21 Spectrum had a really nice name tag. Ιt 22 was hard plastic. This one was just the card and it was hard to read. The one 23 Spectrum had was a hard plastic one and I 24

1 wore it and she saw me with that 2 frequently, you know, without the vest, and I had to do that because I'm always 3 up and down on the ladder, you know, and 4 the vest could catch on boxes. 5 6 always up and down the ladder, I'm moving 7 boxes, getting underneath the bays, getting dirty. As long as you had a name 8 9 tag, it would suffice. I mean, Chris Borzero(ph), 10 the store manager at Wilmington, he said 11 it was okay. I even asked the store 12 manager at Bear at the time and he said 13 14 it was okay. And I did it in Dover, and I am not saying I asked Yvette's 15 16 permission, but she did see me without a vest numerous times, so this one time I 17 start with a new company, yes, I don't 18 have any vest, but I have a name tag, and 19 I don't think that would be an issue. 20 For some reason she made it an 21 issue that day. Why she never made it an issue last 22 23 time, I will never understand, but it was 24 a big issue this time.

1 said, I quess like a synopsis. They took 2 everything I said and put it in this paragraph. Those are not the words I 3 would use. I wouldn't use smart alec and 4 I wouldn't use -- there is some stuff in 5 here that I wouldn't say so it's their 6 7 interpretation of what I told them. 8 Is it accurate? Is it 9 consistent with what you told them? Yes, sir. 10 Α. 11 Okay. Is there any part of Q. 12 it that's inaccurate? 13 No, sir. Α. 14 Is there anything that they Q. have -- other than you said you wouldn't 15 16 use the word smart alec, I think, is 17 there anything here that -- anything that's left out from this complaint that 18 vou told them? 19 20 No, sir. Α. 21 Q. Did you tell them that it was because you thought it was because of 22 your gender that Yvette Schreiber was 23 24 doing this to you?
